

DRAWING AMENDMENTS

The reference numerals 25, 26 and 27 have been amended in Figs. 5 and 6 as 25a, 26a and 27a as indicated in red ink on the attached copy labeled "Annotated Marked-Up Drawings".

Entry of the enclosed drawing sheet labeled "Replacement Sheet" into the file is respectfully requested.

REMARKS

In the specification as filed, the reference numbers 25, 26 and 27 were issued twice, for different items. Figure 5 and Figure 6 of the drawings have been amended to refer to 25a, 26a and 27a with a similar amendment made on pages 4 and 5.

Minor typographical errors were made on page 6 of the specification as filed, namely, the number for the electrically contacted ball bearing should have been 50 not 15, and item 45 is a "portion", not a "sign", as appears twice on page 6.

No fees are considered to be due for filing this Amendment; however, if it is determined that payment of a fee is required, please charge our Deposit Account No. 13-0235.

Respectfully submitted,
